How to Recover Settings Files from Backup

How to recover Settings Files from Backup September 2024

Introduction

This process allows you to recover various Gym Assistant Settings.

As with any bulk change done in Gym Assistant, do a manual backup of data prior to making the change (instructions to preform a manual backup titled **How to Do a Manual Backup** included in knowledge base articles).

Be in the Gym Assistant program.

• Begin by clicking **Utilities > Special Features**.

• Type **Recover Settings File from Backup** in the lookup box > click **OK**.

	×
