

How to Set Up Online Connect in Gym Assistant

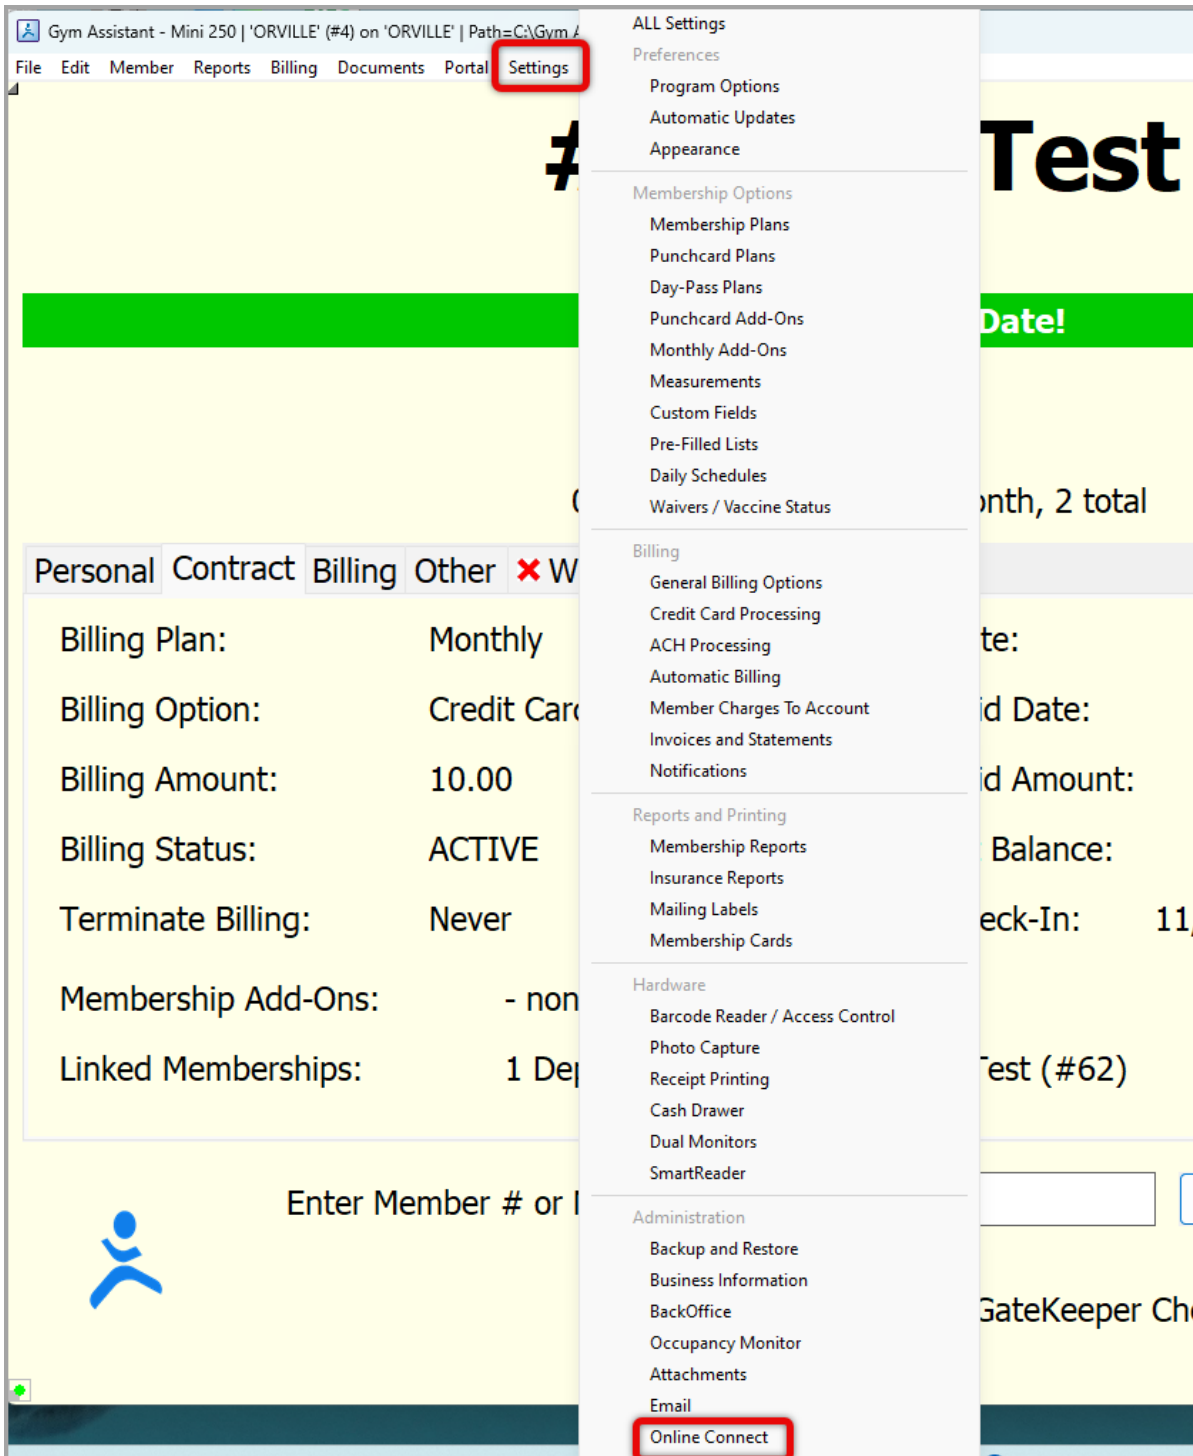

How to Set Up Online Connect September 2024

Introduction

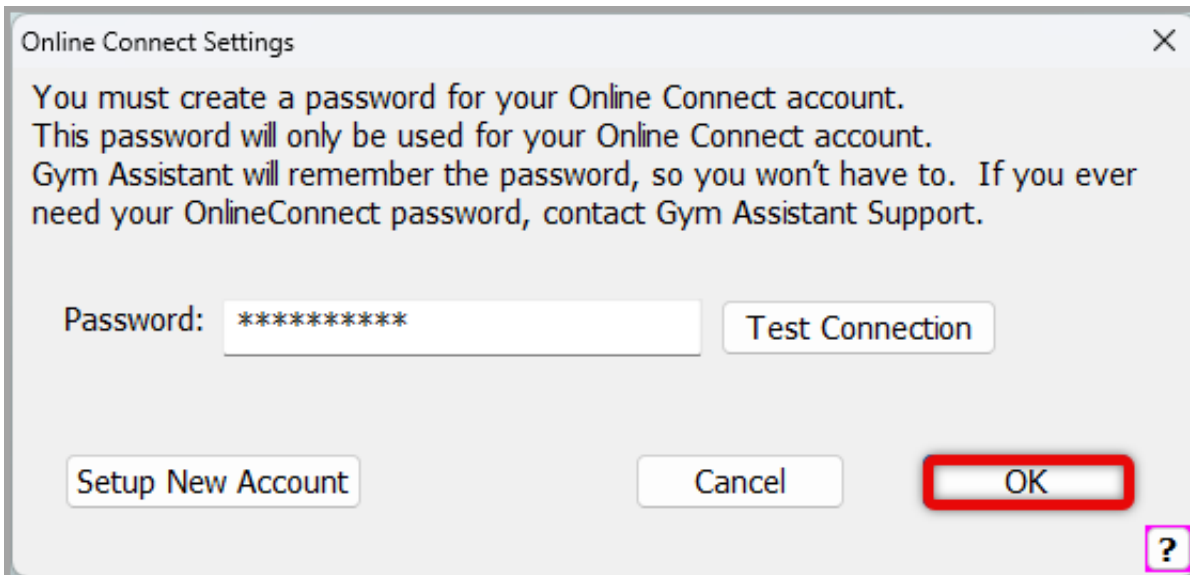

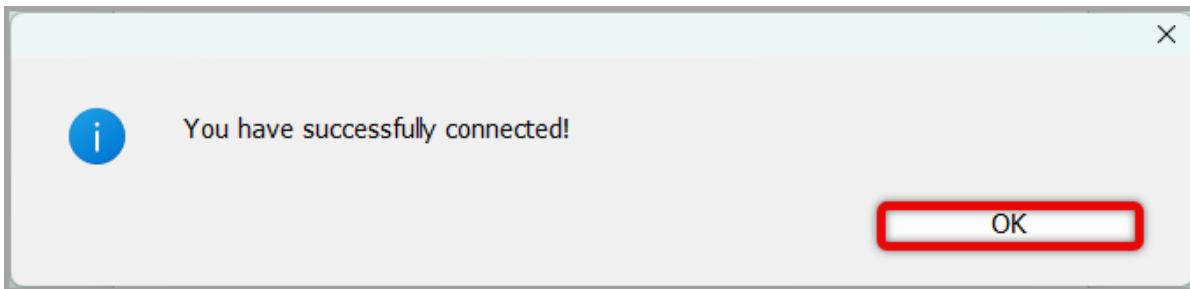

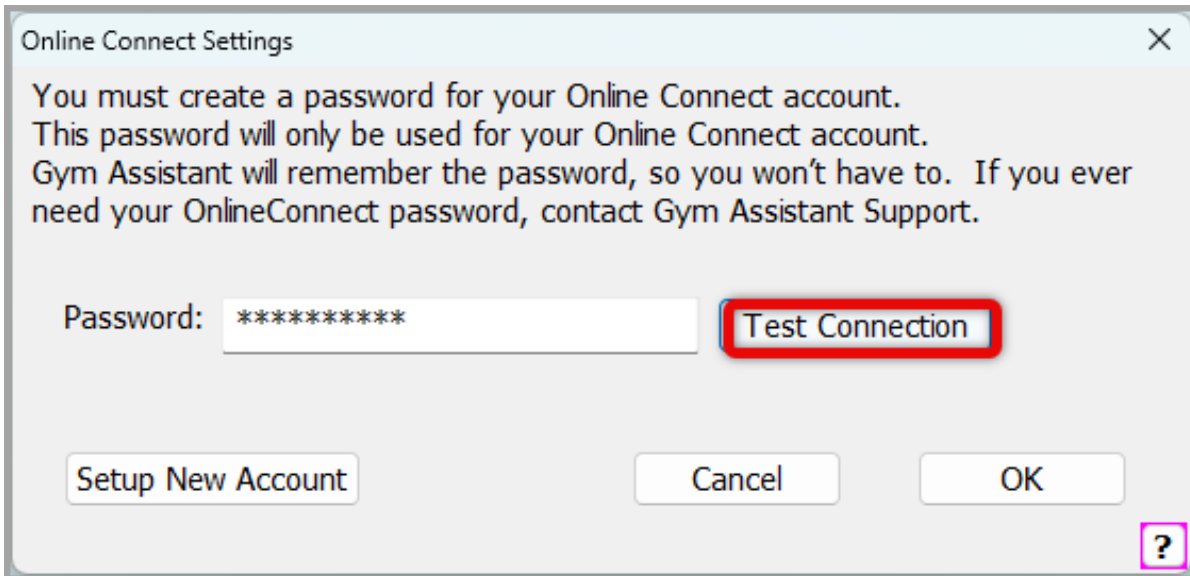

This process provides you ability to connect to our servers to be able to send SMS messages, emails and do an Online Backup from your Gym Assistant. Please be aware that the use of our server is only available with paid yearly support. In the event yearly support is expired, the functions that require the use of our server will be discontinued until support is paid.

Be in the Gym Assistant program.

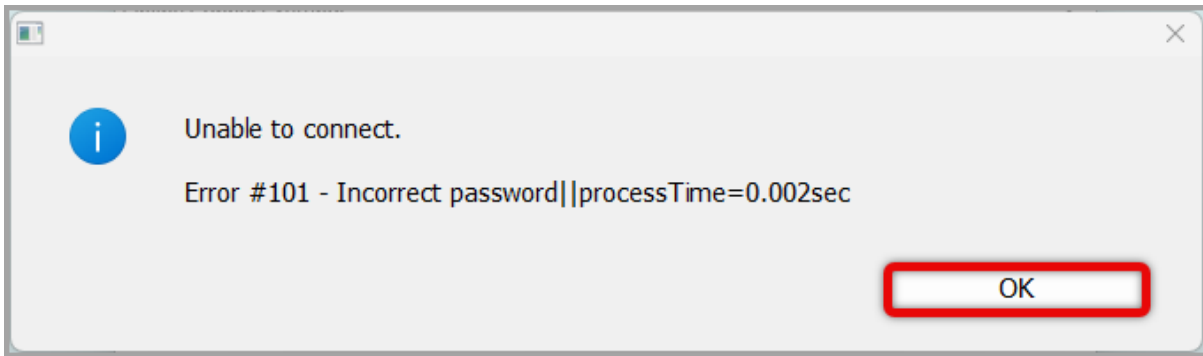

- Begin by clicking **Settings > Online Connect**.

- If you already have a **Password** indicated by the asterisks in that field > click **Test Connection**. If it says **You have successfully connected** > click **OK**, and then **OK** again, and you will now be able to send SMS messages and setup the system to send emails and do an online backup in Gym Assistant. Please refer to instructions on **How to Setup Email** to complete the process of being able to send emails and **How to Setup Backups in Gym Assistant** to turn on the ability to **Backup Data Online**.

- If after pressing **Test Connection**, you receive the message **Unable to connect** and you do not have record of the password, click **OK** and contact Gym Assistant Support for assistance with creating your account, or recovering or resetting your password. Support can be reached by emailing support@gymassistant.com, calling 877-496 2778 ext 2 or by clicking on **Help** > then **Get Support**.
