

Fix a blank icon on the taskbar

- 1) Open a cmd prompt (click the Windows key on your keyboard OR click the Windows start button on the task bar)
- 2) Type "cmd" (without quotes) and press enter on your keyboard.
- 3) Copy the text below (all lines between the ====s) and paste (using CTRL+V) into the DOS cmd window
- 4) The Task bar will disappear, then reappear with fresh icons.
